Flights will be determined based on your Low Index as of April 1, and the number of players participating. The winner of each flight will play in the Eclectic Championship in October, to occur on October 17, 18, 24 or 25 as course and player availability best dictates, from the white tees.

This Eclectic Championship is based on a match play format, with points awarded per hole.

EXAMPLE: If there are four bracket winners playing; each hole will be worth 4 points.

A single low score takes the 4 points; points for tied holes are spread accordingly.
